Dear Sir or Madam:

This is to request that the League of Women Voters of St. Louis be considered for an appointment to the Rate Commission of the Metropolitan St. Louis Sewer District.

The League is a nonpartisan political organization that encourages the informed participation of citizens in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy. One major policy issue that has been a part of the League program for many years is clean water.

We believe the Rate Commission embodies the League core value that good government relies on active citizen participation. We are interested in continuing to be part of the Rate Commission process.

Sincerely,

A handwritten signature in cursive script that reads "Linda C. McDaniel".
