RE: Rate Commission

Dear Members of the Board:

I am writing on behalf of the Missouri Industrial Energy Consumers ("MIEC"). The MIEC respectfully requests that the Board select the MIEC to represent MSD's industrial customers on the Rate Commission. If the MIEC's seat is renewed, Jack Stein will continue to serve as the MIEC's delegate to the Rate Commission.

We appreciate your consideration of this request, and hope to have the privilege of continuing to serve on the Rate Commission.

Sincerely,

A handwritten signature in cursive script that reads "Diana Vuylsteke".
