

## Proposition S: At-A-Glance

Proposition S is a measure on the April 2, 2019 ballot for voters of St. Louis City and County. If passed, it would generate \$30 million annually to allow the Metropolitan St. Louis Sewer District (MSD) to **address many flooding and erosion problems across our region**. MSD has identified approximately 500 stormwater issues throughout its service area that are categorized as flooding and erosion.

The funds would be collected as a **stormwater rate charge** for all public and private property within MSD’s service area. The amount paid will be determined by the amount of “impervious surface area” – or surfaces, such as concrete, that do not absorb rainwater – a property has. **For the average, single-family homeowner the annual charge will be \$27 per year, or \$2.25 per month.**

## Stormwater Capital Rate Calculation

Customers	Properties/ERUs	Monthly Rate	FY22 Annual Billed Revenue
<b>Residential Properties</b>			
Tier 1: 200 - 2,000 Sq. Ft	120,523	\$ 1.42	\$ 2,050,096
Tier 2: 2,001 - 3,600 Sq. Ft	218,750	\$ 2.25	\$ 5,906,250
Tier 3: 3,601 - 6,000 Sq. Ft.	80,469	\$ 3.74	\$ 3,606,621
Tier 4: >6,000 Sq. Ft.	27,122	\$ 6.84	\$ 2,226,174
Customer Assistance Program Accounts	6,328	\$ 1.13	\$ 85,428
<b>Subtotal: Residential Properties</b>	<b>453,192 properties</b>		<b>\$ 13,874,569</b>
Non Residential & Multi-Family ERUs	601,353 ERUs	\$ 2.25	\$ 16,236,531
			<b>\$ 30,111,100</b>

Note: Numbers of properties/ERUs are based on March 2017 GIS data, which will fluctuate.

Fiscal Year 2022 revenue is shown as the full rate that will be charged at the beginning of MSD’s Fiscal Year 2022 (July 1, 2021, through June 30, 2022).
